PROJECT

KIDS DELIGHT E-Commerce Site

Technologies: React and Material UI

- Built a fully responsive e-commerce website with dynamic product listings, category-wise filtering, cart functionality, and user login page using React and Material UI.
- Specialized in building reusable components and ensuring cross-device compatibility.
- Integrated a JSON Server API to simulate backend operations for product data, user authentication, and cart management.

ECHO -Web Design

Technologies: HTML,CSS,BOOTSTRAP

- Designed and developed a fully responsive single-page website using HTML, CSS, and Bootstrap.
- Focused on clean layout, mobile-first design, and consistent styling across different screen sizes.
- Ensured smooth navigation and cross-browser compatibility.
