

# SAHAYA SNEHA

## Web Developer

+91 9677575630  
snehajerish@gmail.com  
Idinthakarai, Tirunelveli

## Profile Summary

Detail-oriented and motivated Full Stack Developer with hands-on experience in building and deploying modern web applications. Proficient in front-end technologies like HTML, CSS, JavaScript, TypeScript, and React, combined with strong back-end skills using Python and FastAPI. Experienced in containerizing applications with Docker and deploying them on cloud platforms such as AWS and Render.

## Experience

### Software Developer – Intern

*Bull Pilot Technologies Pvt Ltd*

- Designed and developed responsive and user-friendly frontend interfaces using React, TypeScript, HTML, and CSS to enhance user experience.
- Collaborated with backend teams to integrate and manage RESTful APIs, ensuring smooth data flow and application performance.
- Handled database schema design and management, enabling efficient data storage and retrieval for trade-related queries.
- Focused on UX design principles to create intuitive navigation and accessible UI for a better end-user experience.

### Frontend Developer – Intern

*Agile Tribers*

- Designing and building a responsive guesthouse management interface using React and JavaScript with a strong focus on user experience.
- Developed UI components for room listings, booking forms, and availability status, ensuring clean layout and smooth interactivity.
- Working on integrating mock API data to simulate real-time booking and guest information workflows.
- Applied CSS and component-based design principles to maintain consistency and reusability across the application.
